

# Platinum Sphynx Contract

[www.platinumsphynx.com](http://www.platinumsphynx.com)

602-525-2419

The Cat/Kitten Sold to the Terms of this Agreement is as follows Breed \_\_\_\_\_

DOB \_\_\_\_\_ Sex \_\_\_\_\_ Color \_\_\_\_\_ REG# \_\_\_\_\_

Sire Name \_\_\_\_\_

Dam Name \_\_\_\_\_

The Cat/Kitten is being sold for the sum of \$ \_\_\_\_\_ Deposit \_\_\_\_\_ +Shipping Fee \_\_\_\_\_.

Balance due of \$ \_\_\_\_\_ When Kitten is Picked up/ or 5 Days Before Kitten is Shipped.

Will not allow cat to be outdoors, cat will be immunized annually, as well as kept free of parasites.

This cat is purchased for Pet (No Papers: \_\_\_\_\_ or Breeder (TICA papers) \_\_\_\_\_)

Seller also suggests that kitten/cat should not be bred prior to 1 year of age; and should be retired no later than the age of 5 years old (if cat is a female especially); as health conditions and problems may arise from breeding too young or too old

\*\* If purchased as a pet, this kitten will be neutered/spayed before going with the buyer to his/her new home, or by the purchaser by the time the kitten reached 6 months of age. If cat is not neutered/spayed by the age of 6 months, buyer agrees to pay seller an additional sum of \$ \_\_\_\_\_. This does not mean breeding rights will be given.

\* This cat/kitten is guaranteed against congenital defects for one year. Should it die within that time as a direct result of a congenital defect or Is Scanned With HCM, the cat will be replaced ONLY if an appropriate autopsy is preformed by a licensed veterinarian. and the vets certificate is provided as proof of cause of death. A replacement will be made with a cat/kitten of comparable quality and value, as available.

\*Buyer has 72 hours to take this kitten to the vet to get a health check. . It is recommended that the new cat/kitten be in quarantine during this time, from any other resident animals.

\* All veterinarian bills after leaving the seller, (shots, exams, etc.) are the responsibility of the buyer and shall be paid for by the buyer and not the seller.

\* It is further explained by the seller and understood by the buyer that felines (as any living creature) can contract and also potentially transmit many diseases/illnesses both present and also not present in/with other species of animals/pets/humans; it is the buyer's responsibility to educate themselves on various feline infections, diseases, parasites, symptoms, transmission sources, medications/remedies, and tests for those diseases and their prevention/vaccination/cure; including but NOT limited to :: Giardia, Rabies, Panleukopenia/Distemper, Rhinotracheitis/feline Herpes virus/FHV-1, Calicivirus, Corona virus and the possibility of FIP infection, FeLV/ feline leukemia, FIV/ feline aids, Chlamydia, Ringworm, Toxoplasmosis, Campylobacter, Roundworms, Tapeworms, Mites, Fleas, Ticks, Lice, Bacterial Infections, Yeast Infections, Sinus Infections, Lymphomas of Vaccination sites, Scabies, Cheyletiella, Diabetes, Hepatic Lipidosis, Hypothyroidism, Hyperthyroidism, hypertrophic cardiomyopathy/HCM, FUS/Renal failure, renal stones, colitis or constipation, or even IBS causing Diarrhea, common colds, pneumonia, Mastitis, Blood type differences, varying causes for kitten mortality, regulation of body temperature, etc.

\*. For Sphynx cats: Buyer agrees to provide weekly baths and ear cleanings along with daily eye cleaning (as required). These cats' bodies produce oil, which dirt clings to. Failure to bathe and provide weekly ear cleanings may result in skin issues and even deadly ear infections. The above kitten/cat will leave this cattery freshly bathed with trimmed nails and freshly cleaned ears.

\* For sphynx cats: It is understood that degrees of hairlessness in sphynx vary from cat to cat and that no sphynx is completely hairless. It is understood that hormones, climate, and genetics play an important role in hairlessness and that even though a sphynx kitten may be almost hairless when sold, it is possible that the above kitten/cat could develop some hair after being neutered/ spayed or as it grows older. It is also impossible to guarantee that any sphinx kitten/cat will not grow some hair some hair at some point in the future.
